Dear Friends,

We have great pleasure in inviting you to the 45th Annual meeting of Research Society for the Study of Diabetes in India (RSSDI) to be held at the smart city of Bhubaneswar from 3rd to 5th November 2017.

Bhubaneswar is the capital city of scenic Odisha, the soul of India which is naturally beautiful with forests, wildlife, sea beaches, heritage temples and many historical monuments. It is also known for its flavor of hospitality and varieties of delicious foods. We assure your convenient travel and comfortable stay with a relaxing time and a complete updated academic exposure.

A big compliment for an overwhelming response to our invitation. More than three thousand delegates have already registered for the event and daily we are receiving request from our colleagues and friends from all over the country.

Scientific Committee is on its job in designing an up-to-date scientific programme for you with best of the National and International faculties and covering the latest developments and guidelines in the field of Diabetes and metabolic medicine, along with many original, relevant research papers.

The organizing committee will leave no stone unturned to make the event memorable for you and your family. Please block your dates and register early to be a part of the event.

The PRIDE of being ON TARGET
The name “Odisha” is derived from the ancient Prakrit word “Odda Visaya” or “Odra Bibhasha” as in the Tirumalai inscription of Rajendra Chola I, which is dated to 1025 AD. Adikavi Sarala Das, who translated the Mahabharata into the Odia language in the 15th century, calls the region Odra Rashtra or Odisha. The inscriptions of Kapilendra Deva of the Gajapati Kingdom (1435–67) on the walls of temples in Puri call the region Odisha or Odisha Rajya.

The ancient kingdom of Kalinga, which was invaded by the Mauryan emperor Ashoka in 261 BC resulting in the Kalinga War which converted him from “Chandashok” to “Dharmashok”, coincides with the borders of modern-day Odisha. The modern state of Orissa was established on 1st April 1936, as a province in British India, and consisted predominantly of Odia-speaking regions hence April 1 is celebrated as Odisha Day. The region is also known as “Utkala” and is mentioned in India’s national anthem, “Jana Gana Mana”. Cuttack was made the capital of the region by Anantavarman Chodaganga in 1135 AD after which the city was used as the capital by many rulers, through the British era until 1948. Thereafter, Bhubaneswar became the capital of Odisha post-independence.

Odisha is one of the 29 states of India, located in the eastern coast. Odisha has 485 kilometers of coastline along the Bay of Bengal on its east, from Balasore to Malkangiri. It is the 9th largest state by area, the 11th largest by population and also the 3rd largest state of the Indian subcontinent in terms of tribal population. Odia is the official and most widely spoken language, spoken by 33.2 million people. The name of the state was changed from Orissa to Odisha, and the name of its language from Oriya to Odia, in 2011.

Odisha, the land of Lord Jagannath and Odissi dance has been rightly regarded as mystery of myriad marvels. The dynamic topography and vegetation of Odisha have combined to extract some of the most stunning destinations which provide insights into the one of the oldest civilizations of the world. Odisha has emerged as the most preferred destination for overseas investors, it contains a fifth of India’s coal, a quarter of India’s iron ore, a third of India’s bauxite reserve and most of the chromite. The state capital Bhubaneswar is the first city in the list of smart cities released in January 2016.
