Dear Friends,

It gives us great pleasure to invite you to the 2nd International Diabetes Experts Conclave 2018 - “IDEC 2018” to be held from 25th to 27th May 2018 at Westin Hotel, Pune. This conclave has been facilitated by ADHERE FOUNDATION (Academy for Diabetes and Endocrine Research and Education) in collaboration with EMORY DIABETES TRAINING ACADEMY (Emory University, USA).

The aim of the meeting is to bring thought leaders in diabetes on a common platform to discuss all dimensions of diabetes at the next level, hence the theme of the meeting is:

“DIABETES AND BEYOND – LEARNING THROUGH SHARING”

The forum will include discussions & presentations broadly in the area of challenges in managing diabetes, clinically relevant endocrinology for physicians, workshops, new research and hypothesis, use of technology, tools for assessment and prognosis, intervention for risk stratification and its reduction, data analysis and creation of research avenues and new therapies for the future.

We invite you to participate in this academic feast and come year after year to make this meeting an experience to remember with a lot of takeaways in knowledge.

With Warm Regards

Dr. Guillermo E. Umpierrez
